## **MD1001 Entrance Matwell Framing**

Entrance Matwell framing in aluminium, Stainless steel and brass is also available in various sizes to suit our Primary entrance matting systems.

These frames are precision cut with mitred corners and are simply placed in the Matwell screwed to the base and screeded up to the required depth.

All framing is cut to size with mitred 45 degree ends

Aluminium    25mm X 25mm X 3mm angular framing

Stainless     25mm X 25mm X 5mm angular framing

Brass          25mm X 25mm X 5mm angular framing

## **Matrix, Diamond & Concourse Matwell framing installation.**

MD1000 Matrix entrance matting & Framing installation
