

MD8000 Natural Coir entrance matting

Coir is sometimes referred to as coconut matting; the coir entrance door mat product has been servicing doors and entranceways for many years and is now BS8300 DDA compliant only in the 17mm thickness.

Coir is a hard working natural fibre, PVC backed entrance doormat, and now very versatile, available in nine colours at the 17mm thickness only.

The Coir product is also available in natural coconut colour only in 24mm and 30mm thicknesses; however, these thicknesses are not DDA compliant and must not be used where the public have access.

Coir can be used in commercial, retail, industrial, or public entrances and doorways in both matwells and surface mounted for domestic applications.

Coir Colours: Natural, Grey, Brown, Gold, Green, Blue, Red, Black, Havana.

Thickness [mm]	Style MD8000 Size (cm)
17 mm	300 x 16000
24 mm	200 X 14000
30 mm	200 x 12000

Custom sizes of Coir mats are also available in any shape to the above maximum sizes.

Performance

- Natural Coir fibres
- Aesthetically pleasing and decorative
- Extremely hard wearing
- Secure and safe underfoot
